...and thus to a dramatic new phase of the Second World War. The search for scapegoats for the most humiliating
The most vulnerable and comprehensible English-language study of its kind. From victory to victory reveals the political calculations of the backed-up French resistance’s associates during the war years, the Vichy France (1940–44) and the post-war years (1944–1952). It provides in-depth analyses of the political dynamics of these periods, highlighting the major players and the factors that shaped their decisions. Part 1 reveals the course of events as the two theatre of war, and the second part is an overview of the major political and social forces at work. Part 2 examines the nature and outcome of the political conflict. Part 3 analyzes the political and social consequences of the war.

The European History of the Second World War: Volume 1, Fighting the War

This study traces the history of the European countries during the Second World War from 1939 to 1945. It covers the political, social, and economic aspects of the war, focusing on the strategies and tactics of the different European nations in their fight against the Axis powers. The study examines the causes of the war, the strategies employed by the major powers, and the outcomes of the conflict.

The Society of Prisoners

This book provides a comprehensive study of the social and psychological aspects of imprisonment. It explores the experiences of prisoners, the impact of imprisonment on their daily lives, and the various factors that influence their behavior during and after imprisonment. The book also discusses the role of prisons in society and the challenges faced by the justice system in managing incarceration.

If You Don’t Laugh You’ll Cry

This book explores the role of humor in prison settings and its impact on the lives of prisoners. It examines the strategies used by prison workers to maintain morale and cope with the challenges of incarceration. The book also discusses the importance of humor in promoting well-being and resilience among prisoners.
