The Palgrave Macmillan Dictionary of Diplomacy - G. Berridge - 2012-01-25

Indispensable for students of diplomacy and junior members of diplomatic services, this dictionary not only covers diplomacy's jargon but also includes entries on legal terms, political events, international organizations, e-Diplomacy, and major figures who have occupied the diplomatic scene or have written about it over the last half millennium. All students of diplomacy and related subjects and members of the many diplomatic services of the world should find this book of value.

A dictionary of diplomacy and international affairs - 1974

A Dictionary of Diplomacy - Geoff Berridge - 2001-01

Like all professions, diplomacy has spawned its own specialized terminology, and it is this lexicon which provides the dictionary's thematic spine. However, it also includes entries on legal terms, political events, international organizations and major figures who have occupied the diplomatic scene or written about it over the last half millennium. All students of diplomacy and related subjects and members of the many diplomatic services of the world should find this book of value.

The Palgrave Macmillan Dictionary of Diplomacy - Geoff Berridge - 2003

Like all professions, diplomacy has spawned its own specialized terminology, and it is this lexicon which provides this text's thematic spine. However, the dictionary also includes entries on legal terms, political events, international organizations and major figures who have occupied the diplomatic scene.

This dictionary grew out of the experiences, readings, & reflections of a career diplomat well versed in the arts of persuasion, diplomacy, & discretion, & tested during times of crisis. An inviolable storehouse for those called upon to serve as mediator, negotiator, governmental officers or business leaders. During his many years of foreign service, the author collected many fragments of classic wisdom, cautionary advice, urbane observations, & witty insights on the art of diplomacy from numerous cultures & eras, often translating them from the original languages himself. Extensive bibliography. Index.

This new edition includes chapters on secret intelligence and economic and commercial diplomacy.
Nations, even the most powerful, cannot cope by themselves with many of the problems confronting them.

Diplomatic Theory from Machiavel to Kissinger - G. Berridge - 2001-03-23
This book offers an introduction to the history of diplomatic thought. Since diplomacy as we know it was created during the Renaissance in Italy, a number of major figures have reflected on the place of diplomacy and the activities of the diplomat. This book includes statements by Machiavelli, the versatile diplomat lawyer and historian, most of whom had experience as the diplomat of the first or second rank. This book examines the thought of some of the most important of them, from Niccolò Machiavelli in the sixteenth century to Henry Kissinger in the late twentieth century.

What Diplomats Do - Sir Brian Barber - 2014-07-27
What Diplomats Do is a unique and original test seeks to answer the various stages of a typical diplomat’s career. The book follows a fictional diplomat from his application to join the national diplomatic service through postings at home and overseas, culminating with his appointment as ambassador and retiring at the end of his diplomatic career. Each chapter is based on a personal experience of the author, Bernard, Ambassador and High Commissioner. These illustrate such key issues as the role of the diplomat during emergency crises or working as part of a national delegation to a permanent conference as the United Nations. Rigorously academic in its coverage yet extremely lively and engaging, this unique work will serve as a primer to any students and junior diplomats wishing to grasp what the practice of diplomacy is actually like.

Diplomatic Theory - Barry H. Stein - 2013-03-14
This book is intended as a primer for generalizing on a case-comparison basis about diplomatic statecraft, including resources and techniques available to states to attain their objectives. Twenty years in the making, it employs a methodology of comparative case analysis with cases of comparable policy challenges and of different levels and between different states are studied to track and understand specific variable diplomatic behavior. Its concern with empirically-grounded diplomatic transactional and case studies analysis in the use of diplomatic behavior is a new approach to diplomatic analysis. Diplomacy, though central to international relations study and practice, has generally been studied in a manner that leaves us as academicians, as diplomats, and as practitioners in general, concerned more with the diplomatic process than with the actual diplomatic practice. Students of diplomacy, emphasizing statecraft’s complexity, have generally shied away from theory, while theory-minded international relations analysts have neglected statecraft and highlighted military capabilities and power politics as the sole or principal causes of international behavior. This book offers a fresh look at international diplomacy. Students of diplomacy, emphasizing statecraft’s complexity, have generally shied away from theory, while theory-minded international relations analysts have neglected statecraft and highlighted military capabilities and power politics as the sole or principal causes of international behavior. The Historical Dictionary of American Diplomats provides an overview of the conduct of American Foreign Policy since the founding of the country, introducing an extensive bibliography, and over 300 cross-referenced dictionary entries on American prime ministers, foreign secretaries, foreign office staff and leading diplomats, but also on related military and political-economic aspects. This book is an excellent access point for students, researchers, and anyone wanting to know more about American foreign policy.

A Dictionary of Diplomacy and International Affairs - Sami al-Faiy - 2017-09-03
A Dictionary of Diplomacy and International Affairs - Sami al-Faiy - 2017-09-03

Diplomacy from the Revolution to Secession relates the events of this crucial period in American history through a comprehensive, broad coverage of key diplomatic events and figures. It also illuminates the dramatic and complex challenge to the continuation of the “republican experiment.” Probably the most common misconception about the early United States was part of “one grand, interwoven tapestry” of nations. The Historical Dictionary of U.S. Diplomacy offers the most up-to-date information about the real-world practice of international relations. It will be essential reading for students and professionals alike.

The Oxford Handbook of Modern Diplomacy - Andrew F. Cooper - 2013-03-28
The Oxford Handbook of Modern Diplomacy provides a full overview of the nature and challenges of modern diplomacy and includes a tour d'horizon of the key ways in which the theory and practice of modern diplomacy are evolving in the 21st Century. This book offers an introduction to the history of diplomatic thought. Diplomacy serves global governance, how the diverse international actors use it, and what it accomplishes. The focus is on diplomatic practice, looking at the diverse methods used by the international actors involved and how they contribute to its effectiveness. The first section examines how various levels of international actors practice diplomacy, and the second section examines how various modes of international diplomacy are evolving in five areas of global governance and security, economic governance, social issues, human rights, and environmental protection. Each of these presents different challenges for global governance diplomacy and requires the development of different diplomatic strategies and new techniques. Some of the issues are more amenable to global governance while others, such as the eradication of global poverty remain fairly intractable. The text extends beyond the usual diplomatic diplo...
