Macbeth - Alasdair D. F. Macrae - 2012
From Thomas Jefferson to John Rawls, justice has been at the center of America's self-image and national creed. At the same time, for many of its peoples—from African slaves and European immigrants to women and the poor—the American experience has been defined by injustice:
cosmopolitan American
disenfranchisement, violence,
and prejudice. In Identity and
the Failure of America, "John
Michael explores the
contradictions between a
mythic national identity
promising justice to all and
the realities of a divided,
 hierarchical, and frequently
iniquitous history and social
order. Through a series of
insightful readings, Michael
analyzes such cultural
moments as the epic
dramatization of the tension
between individual ambition
and communal complicity in
Moby-Dick, "attempts to effect
social change through
sympathy in the novels of
Lydia Marie Child and Harriet
Beecher Stowe, Ralph Waldo
Emerson's antislavery
activism and Frederick
Douglass's long fight for
racial equity, and the divisive
figures of John Brown and Nat
Turner in American letters
and memory. Focusing on
exemplary instances when the
nature of the United States as
an essentially conflicted
nation turned to force,
Michael ultimately posits the
development of a more
identity, one that is more fully
and justly imagined in
response to the nation's
ethical failings at home and
abroad. John Michael is
professor of English and of
visual and cultural studies at
the University of Rochester.
He is the author of Anxious
Intellects: Academic
Professionals, Public
Intellectuals, and
Enlightenment Values and
Emerson "and Skepticism:
The Cipher of the World."
