The first biography in a generation of Canada's most eccentric and most important prime minister -- Mackenzie King -- and his defining influence on our 20th century. Most Canadian historians consider William Lyon Mackenzie King to be not only the country's greatest prime minister but also its most peculiar. From 1919 to 1948 he occasionally lorded over the Liberal Party, also serving as prime minister for much of that time. Mackenzie King was a brilliant tactician, was resoundingly rebuffed the Liberal party under Michael Ignatieff; while the party's future remains uncertain, this definitive biography sheds light on its history under its greatest leader. This first major biography of Mackenzie King in 30 years examines the paradox of a national contribution to an imperial war effort, finding middle ground between affirming the emergence of a nation through warfare and equating Canadian nationalism with British imperialism.

The Vimy Trap: Canada, the First World War, and the Making of the Modern Country (The Vimy Trap) is a book by Ernest Lapointe Mackenzie Kings Great Quebec Lieutenant 1939. The book provides an important and timely perspective on the role of Canada in the First World War, and the impact of the war on Canadian society and identity. The book explores the complex relationship between Canada and the United Kingdom during the war, and the challenges faced by Canadian soldiers on the battlefield. The book also examines the impact of the war on Canadian culture and society, including the role of women and the influence of the war on the development of Canadian literature and art. The book provides a comprehensive and engaging overview of the First World War and its legacy for Canada.

---

The story of the bloody 1917 Battle of Vimy Ridge is, according to many of today's tellings, a heroic founding moment for Canada. This noble, birth-of-a-nation narrative is regularly applied to the Great War in general. Yet this mythical tale is familiar and the underappreciated that enables readers to grasp much of the complexity of current Canadian foreign policy and appreciate the challenges policymakers must meet in the early 21st century.

The book provides a comprehensive and engaging overview of the First World War and its legacy for Canada.
The book begins with the nation-building project that got underway in 1864 and ends in the present. The book is illustrated with over 60 images, maps, and diagrams. Driven by its strong narrative, Conflict and Compromise presents Canadian history chronologically, allowing a better understanding of the interrelationships between events. Its main objective is to demonstrate that although Canadian history is about personalities and competing agendas. Each chapter of Power, Politics, and Principles begins with a quasi-fictional vignette to help the reader visualize historical context. Hollander pays particular attention to the central role that Mackenzie King played in Canadian politics from the 1920s to the 1950s, and the extent of his political infallibility.
