The Importance of Community Involvement in Schools | Edutopia

Mar 21, 2012 - According to the recent MetLife Survey of the American Teacher, teachers, parents and students all agree that parent engagement in schools has increased over the past 25 years. Given the role that family engagement plays in not only academic success, but life success, that is great news. However, the survey also noted that parent engagement remains a ...

TEAL Center Fact Sheet No. 4: Student-Centered Learning

Student-centered learning is an approach to learning in which learners choose not only what to study but also how and why. At the heart of the learning environment are learner responsibility and activity, in contrast to the emphasis on instructor control and coverage of academic content found in conventional, didactic teaching.

Hand on a Hot Stove - University of Rochester

require the involvement of parts of the brain. For example, when you put your hand on a hot stove, you use your brain for things that are not reflexes, such as conscious sensations, voluntary movements, and memories. In Part 3 you will use the Body Diagram and Wikki Stix to show neuron pathways involved in complex behaviors. 1.

Critical Decision Making Skills Project Managers

Apr 24, 2013 - Project managers make decisions on a daily basis. Most are relatively unimportant, while some are critical and will cause the project to be successful or to fail. Most of us consider ourselves competent decision makers based on our own history of making reasonable decisions in past projects. Yet there is a great deal of recent neurological research that indicates our ...
