As recognized, adventure as well as experience roughly lesson, amusement, as competently as covenant can be gotten by just checking out a books.

E. Townsend in the struggle to remake old age. In the process, Amenta advances a new theory of when social movements are influential. The book challenges the conventional wisdom that U.S. old-age policy was a result mainly of the Depression or farsighted bureaucrats. It also debunks the current view that America immediately embraced Social Security when it was adopted in 1935. And it sheds new light on how social movements that fail to achieve their primary goals can still influence social policy and the way people relate to politics.

Media, Movements, and Political Change - Jennifer S. Earl - 2012-05-18

This volume explores the relationship between media, movements, and political change through analyses of how actors use print media and the Internet to achieve their goals. The chapters examine the role of media in the (Anti-)Abortion, Globalization, Labor, Townsend, and White Power movements as well as Barack Obama's 2008 campaign.

Media, Movements, and Political Change - Jennifer S. Earl - 2012-05-18

This volume explores the relationship between media, movements, and political change through analyses of how
leaves, and presidents to show how movements become viable calls for reform that get translated into policy positions. Social tensions and political polarization continue to be prevalent today. Increased social disorder and populist outcry are expected whenever political elites and distant bureaucratic government are challenged. In Defense of Populism shows how, as a result of grassroots activism and political-party reform, policy advances are made, a sense of national confidence is restored, and the belief that American democracy works in the midst of crisis is affirmed.

Eternity - Maggie Shayne - 2020-03-17
“A rich, sensual, bewitching adventure of good vs. evil with love as the prize.” —Publisher’s Weekly on ETERNITY
300 years ago, Raven St. James was hanged for witchcraft. But she revives among the dead to find herself alive. She is an Immortal High Witch, one of the light. A note from her mother warns that there are others, those of the Dark, who preserve their own lives by taking the hearts of those like her. Duncan Wallace’s forbidden love for the secretive lass costs him his life. 300 years later, he loves her again, tormented by hazy memories of a past that can’t be real. She tells him of another lifetime, claims to be immortal. Though he knows she’s deluded, he can’t stay away. And the Dark Witch after her heart is far closer than either of them know. If you liked the TV Series HIGHLANDER, you will LOVE this series. Don’t miss Book 2, INFINITY. "A hauntingly beautiful story of a love that endures through time itself." —New York Times Bestselling Author, Kay Hooper "This captivating story of a love that reaches across the centuries, becomes as immortal as the lover’s themselves, resonates with timeless passion, powerful magic, and haunting heartbeat." —BN.com’s official review

Voices of Protest - Alan Brinkley - 2011-08-10
The study of two great demagogues in American history—Huey P. Long, a first-term United States Senator from the red-clay, piney-woods country of norther Louisiana; and Charles E. Coughlin, a Catholic priest from an industrial suburb near Detroit. Award-winning historian Alan Brinkley describes their modest origins and their parallel rise together in the early years of the Great Depression to become the two most successful leaders of national political dissidence of their era. "Winner of the American Book Award for History"

In Defense of Populism - Donald T. Critchlow - 2020-11-27
Contrary to warnings about the dangers of populism, Donald F. Critchlow argues that grassroots activism is essential to party renewal within a democratic system. Grassroots activism, presenting a cacophony of voices calling for reform of various sorts without programmatic coherence, is often derided as populist and distrusted by both political parties and voters. But according to Donald T. Critchlow, grassroots movements are actually responsible for political party transformation, both Democratic and Republican, into instruments of reform that reflect the interests, concerns, and anxieties of the electorate. Contrary to popular discourse warning about the dangers of populism, Critchlow argues that grassroots activism is essential to party renewal within a democratic system. In Defense of Populism examines movements that influenced Republican, Democratic, and third-party politics—from the Progressives and their influence on Teddy Roosevelt, to New Dealers and FDR, to the civil rights, feminist, and environmental movements and their impact on the Democratic Party, to the Reagan Revolution and the Tea Party. In each case, Critchlow narrates representative biographies of activists, party leaders, and presidents to show how movements become viable calls for reform that get translated into policy positions. Social tensions and political polarization continue to be prevalent today. Increased social disorder and populist outcry are expected whenever political elites and distant bureaucratic government are challenged. In Defense of Populism shows how, as a result of grassroots activism and political-party reform, policy advances are made, a sense of national confidence is restored, and the belief that American democracy works in the midst of crisis is affirmed.

The Oxford Encyclopedia of American Social History - Lynn Dumenil - 2012-06-07
The Oxford Encyclopedia of American Social History is the first reference work to eschew a narrow focus on past presidents, intellectuals, military heroes, and other exhaustively studied and well-remembered persons, and instead examine the history of ordinary Americans. The more than 450 entries in the Encyclopedia examine our shared history “from the bottom up,” with entries on the way automobiles shaped American lives, the westward movement and nineteenth century, the transformation of work over time, the women’s suffrage movement, counterculture, leisure activities, consumption patterns, voting habits, population movements, racial divides, and many more fascinating topics intended to help readers develop a richer framework for understanding the social experience of Americans throughout history.

The Negro Motorist Green Book - Victor H. Green - 1971
The idea of “The Green Book” is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes near Detroit. Award-winning historian Alan Brinkley describes their modest origins and their parallel rise together in the early years of the Great Depression to become the two most successful leaders of national political dissidence of their era. "Winner of the American Book Award for History"
Analyzing the movement’s deep-seated origins in questions that the country has sought too long to ignore, some of the greatest economic minds and most incisive cultural commentators—from Paul Krugman, Robin Wells, Michael Lewis, Robert Reich, Amy Goodman, Barbara Ehrenreich, Gillian Tett, Scott Turow, Bethany McLean, Brandon Adams, and Tyler Cowen to prominent labor leaders and young, cutting-edge economists and financial writers whose work is not yet widely known—capture the Occupy Wall Street phenomenon in all its ragged glory, giving readers an on-the-scene feel for the movement as it unfolds while exploring the heady growth of the protests, considering the lasting changes wrought, and recommending reform. A guide to the occupation, THE OCCUPY HANDBOOK is a talked-about source for understanding why 1% of the people in America take almost a quarter of the nation’s income and the long-term effects of a protest movement that even the objects of its attack can find little fault with.

The Nonprofit Sector - Walter W. Powell - 2006-01-01 Provides a multi-disciplinary survey of nonprofit organizations and their role and function in society. This book also examines the nature of philanthropic behaviours and an array of organizations, international issues, social science theories, and insight.

From Aristotelian to Reaganomics - R. C. S. Trahair - 1994 Trahair provides brief historical definitions for eponyms and some toponyms from a broad range of social sciences, with each entry including biographical and bibliographical information.

Social Welfare - David Macarow - 1995-02-28 Poverty, unemployment, limited access to health care: the litany of ills plaguing contemporary society seems endless, reflective of the pragmatic and philosophical battles waged to overcome what some perceive as
Poverty, unemployment, limited access to health care: the litany of ills plaguing contemporary society seems endless, reflective of the pragmatic and philosophical battles waged to overcome what some perceive as insurmountable obstacles. What role has the state played in mitigating the effects of these harsh realities?

Offering a comprehensive survey of past and present programs, Social Welfare considers the substance and results of government intervention. Shaped by the works of such distinguished figures as Martin Luther, Adam Smith, and Charles Darwin, this incisive text charts the progression of social welfare policy from inception to its current status. David Macarov links present policy to the convergence of five interacting motivations: mutual aid, religion, politics, economics, and ideology. In identifying these elements, Macarov assays the significance of each in determining the nature of social welfare and its future. Featuring chapter summaries and exercises, this intriguing introduction to social welfare policy and practice will involve and inform students of social work, political science, and sociology. “David Macarov has written a handy introductory social policy text for undergraduate that transcends the descriptive accounts of the social services that pervade the literature. Unlike many other introductory texts, Macarov does not seek to list the major social services and describe their functioning but focuses instead on the role of ideas and wider social forces in social welfare. The book is easy to read and thoroughly supported with recommendations for additional reading. It is a useful addition to the literature.” --Journal of Sociology and Social Welfare

Political Protest and Labor Solidarity in Korea - Doowon Suh - 2008-12-05
East Asia has undergone an intense period of economic development and accompanying social change in recent years and among the unforeseen social phenomena that have emerged are new forms of trade unions. This book analyzes the importance of such a new union movement in Korea by focusing on the promotion of social reforms by, and the intensification of interunion solidarity between the white-collar movement factions. Three sectors of the white-collar movement are examined—financial, hospital, and research unions. In comparing their success in raising social reforms and fortifying interunion solidarity, Doowon Suh considers diverse macro and micro social relations, such as the structure of political opportunities, organization leadership, and the effects of internal labor markets. This book is an important read for those interested in industrial relations, labor history and social movements in Korea.
