**Encyclopedia of Post-Colonial Literatures in English** - Eugene Benson - 2004-11-30
Post-Colonial Literatures in English, together with English Literature and American Literature, form one of the three major groupings of literature in English, and, as such, are widely studied around the world. Their significance derives from the richness and variety of experience which they reflect. In three volumes, this Encyclopedia documents the history and development of this body of work and includes original research relating to the literatures of some 50 countries and territories. In more than 1,600 entries written by more than 600 internationally recognized scholars, it explores the effect of the colonial and post-colonial experience on literatures in English worldwide.

Wisconsin Birdlife was initially planned in 1939 by Owen J. Gromme, then curator of birds at the Milwaukee Public Museum. Wisconsin Birdlife would not only describe and document every species of bird known to have visited this state, but would also depict each species with his own original paintings. During the next two decades, Gromme concentrated primarily on the latter, resulting in the separate publication in 1963 of his now classic Birds of Wisconsin. Work on the present volume was assumed in the late 1960s by Samuel D. Robbins, whose labors of more than 20 years give us a veritable encyclopedia of the state's ornithological knowledge. A complement and supplement to field guides, picture books, and recordings, the book is designed to enlarge the reader's understanding and appreciation of statewide history, abundance, and habitat preference of every species reliably recorded in Wisconsin. The volume opens with a summary of the ornithological history of the state and an exposition of its ecological setting. The heart of Wisconsin Birdlife ensues: detailed accounts of nearly 400 species, with information on status (population and distribution), habitat, migration dates, breeding data, and wintering presence, followed by extensive discussion and commentary. Dr. James Hall Zimmerman, Senior Lecturer in Landscape Architecture at the University of Wisconsin-Madison, provides a special discussion of bird habitats for the book. In addition, Wisconsin Birdlife features a comprehensive status and seasonal distribution chart, a detailed habitat preference chart, and an exhaustive bibliography. The ultimate resource, Wisconsin Birdlife belongs within easy reach of everyone from armchair appreciators and casual birdwatchers to ardent birders and professional ornithologists.

Richard Aldington - Vivien Whelpton -
This is a literary biography of Richard Aldington, founding member of the Imagist Movement, poet of the First World War, author of 'Death of a Hero' and a biography of D.H. Lawrence. Aldington's is an extraordinary human story dealing with contemporary issues, such as confrontation of sexual mores of the day and the impact of his soldier experience on his life and work. There hasn't been a recent biography of Aldington, the only one of the war poets not to have one. With the interest in the First World War increasing as we near the centenary, the time is right for this book. This biography explores the relationships of Aldington with other prominent literary figures: Ezra Pound, Herbert Read, T.S. Eliot, D.H. Lawrence, and his unsuccessful marriage with H.D. This first instalment of a hopefully two-volume biography covers Aldington's life and work up to 1929. It investigates the years 1911-1915 in which Aldington helped found Modernism and formed relationships with other Modernists, the years 1916-19 when his life fell apart after his soldier experience, the years 1920-28 when he tried to re-establish his literary career, laid the foundations of modern literary criticism, and his writing of Death of a Hero at the end of the decade, a blistering attack on all that had made the war possible. Official Blurb: The story of Richard Aldington, outstanding Imagist poet and author of the bestselling war novel, Death of a Hero (1929), takes place against the backdrop of some of the most turbulent and creative years of the twentieth century. Vivien Whelpton provides a remarkably detailed and sensitive portrayal of the writer from early adolescence. His life as a stalwart of the pre-war London literary scene, as a soldier, and in the difficult aftermath of the First World War is deftly rendered through a careful and detailed analysis of the novels, poems and letters of the writer himself and his close circle of acquaintance. The complexities of London's Bohemia, with its scandalous
of the First World War, author of 'Death of a incredible creative output, are masterfully untangled, and the spotlight placed firmly on the talented group of poets christened by Ezra Pound as 'Imagistes'. The author demonstrates profound psychological insight into Aldington's character and childhood in her nuanced analysis of his post-war survivor's guilt, and consideration of the three most influential women in his life: his wife, the gifted American poet, H.D.; Dorothy Yorke, the woman he left her for; and Brigit Patmore, his brilliant and fascinating older mistress. Richard Aldington: Poet, Soldier and Lover vividly reveals Aldington's warm and passionate nature and the vitality which characterised his life and works, concluding with his triumphant personal and literary resurrection with the publication of Death of a Hero.

**Philip Sparrow Tells All** - Samuel Steward - 2015-12-14

Samuel Steward (1909–93) was an English professor, a tattoo artist for the Hells Angels, a sexual adventurer who shared the considerable scope of his experiences with Alfred Kinsey, and a prolific writer whose publications ranged from scholarly articles to gay erotica (the latter appearing under the pen name Phil Andros). Perhaps his oddest authorial role was as a monthly contributor between 1944 and 1949 to the Illinois Dental Journal, an obscure trade publication for dentists, where writing as Philip
explain the essays’ wide-ranging allusions and allusive, and often quirky essays on a wildly eclectic assortment of topics. In Philip Sparrow Tells All, Jeremy Mulderig has collected thirty of these engaging but forgotten columns, prefacing them with revealing introductions that relate the essays to people and events in Steward’s life and to the intellectual and cultural contexts in which he wrote during the 1940s. In these essays we encounter such famous friends of Steward as Gertrude Stein, André Gide, and Thornton Wilder. We hear of his stint as a holiday sales clerk at Marshall Field’s (where he met and seduced fellow employee Rock Hudson), of his roles as an opera and ballet extra in hilariously shoddy costumes, of his hoarding tendencies, his disappointment with the drabness of men’s fashions, and his dread of turning forty. We go along with him to a bodybuilding competition and a pet cemetery, and together we wander the boulevards of Paris and the alleys of Algiers. Throughout, Mulderig’s entertaining annotations also highlight their gay subtext, which constituted a kind of private game that Steward played with his mostly oblivious audience of Midwestern dentists. The first collection of any of Samuel Steward’s writings to be republished since his death in 1993, Philip Sparrow Tells All makes these lost essays available to a broad readership that Steward imagined but never actually enjoyed when he wrote them. In doing so, it takes a major step toward documenting his important place in twentieth-century gay literature and history.

Legend of the Mighty Sparrow Part 2

Fletcher - 2016-08-17

This science fiction adventure represents the ultimate survivor genre, a hero against all odds, against powerful special interests too-big-to-fail, a system controlled by ultimate insiders who often seem hell-bent on obsession, the last war, escalation, and world economic domination, to create a brave new world, another dystopia. And the story focuses on a black site scientist with an urgent mission: to reach the next underground bunker with unparalleled destruction and equipment that smolders, a place with sections that have damage beyond description, beyond all known languages from some unknown experiment, as the experiment may have fractured time or seriously damaged a local aspect of the universe. As people often say the most important trait is location-location-location, a real estate term regarding a vital place or vulnerable point. And in this case, the concern is about a weapon of mass destruction, a favorite
weapon is not a mother of all bombs, not MOAB or the insidious neutron bomb, but a new age experiment that directed a complex particle beam at a universal pressure point in space, universal defect in spacetime or support aspect, well, similar to the way someone brings down a high-rise building by damaging the main support beam, and in this case to collapse the universal wave function, as the universe may represent a bubble, a supreme algebraic bubble, a supreme bulkhead. And this secret military experiment, one without checks and balances, appears to have punctured the universe with a special warp bubble pierce, and might initiate deflation at faster than light speed, to deflate the universe, as space can move faster than light, which in this case will quickly collapse the universe, to bring about the End of Days, eschatology, the final events of history, and the ultimate human destiny.

Ohio’s wildlife has always played an important role in the history of human beings inhabiting the state. Native Americans depended on birds, mammals, and fish for sustenance and the state’s first Europeans came in search of Beaver and buckskins. Although the state’s wildlife is still an important resource for human consumption, wildlife is also increasingly important in today’s culture for its intrinsic, aesthetic value. For many Ohioans, the age-old traditions of hunting and fishing have been replaced by a desire to simply observe wildlife and experience nature. But most Ohioans are largely unaware of the diversity of species inhabiting their state. This volume is intended to provide an introduction to the state’s fishes, amphibians, reptiles, birds, and mammals. In The Ohio Wildlife Encyclopedia, nationally known naturalist Scott Shupe has collected information on all the wildlife that reside in the Buckeye State. The first in a series of state wildlife encyclopedias, this book will be a handy, usable, layman’s guide to Ohio’s wildlife.

Silver Sparrow - Tayari Jones - 2012-05-08
From the New York Times Bestselling Author of An American Marriage “A love story . . . Full of perverse wisdom and proud joy . . . Jones’s skill for wry understatement never wavers.” —O: The Oprah Magazine “Silver Sparrow will break your heart before you even know it. Tayari Jones has written a novel filled with characters I’ll never forget. This is a book I’ll read more than once.” —Judy Blume With the opening line of Silver Sparrow, "My father, James Witherspoon, is a bigamist," author Tayari Jones unveils a family's complicity, and the two teenage girls caught in the middle. Set in a middle-class neighborhood in Atlanta in the 1980s, the novel revolves around James Witherspoon's two families—the public one and the secret one. When the daughters from each family meet and form a friendship, only one of them knows they are sisters. It is a relationship destined to explode. This is the third stunning novel from an author deemed "one of the most important writers of her generation" (the Atlanta Journal Constitution).

**An Episode of Sparrows** - Rumer Godden - 2016-05-31
An emergency meeting of the Mortimer Square Garden Committee has been convened to discuss a most alarming matter: Someone has been digging in the garden and making off with buckets of dirt. Miss Angela Chesney is sure that a gang of boys from run-down Catford Street is to blame. But Angela’s sister, Olivia, isn’t so sure. Olivia has always wondered why the neighborhood children—the “sparrows” she sometimes watches from the window of her house—are kept out of the private garden. Don’t they have a right to enjoy the place, too? But neither Angela nor Olivia has any idea what sent the neighborhood waif Lovejoy Mason and her few friends in search of good, rich earth. Still less do they imagine where their investigation of the incident will lead them—to a struggling restaurant, a bombed-out church, and at the heart of it all, a hidden garden.
