The Arab-Israeli Wars - Chaim Herzog - 2004
"Israel was born in battle. No sooner had independence been declared than seven Arab armies invaded the tiny, nascent state, bent on its destruction. The tragedy of the Middle East had begun. In the critically acclaimed Arab-Israeli Wars, Chaim Herzog, the former President of Israel, details the epic story of Israel's struggle to exist. He provides a balanced blow-by-blow account of one of history's most bitter and enduring conflicts - Arab versus Jew. "As well as describing every campaign in absorbing and incisive detail, Herzog - who had the advantage of personally knowing the generals and politicians who have worked to ensure the state's survival - highlights the personal and political struggles that have determined the Middle East conflict." "This prize-winning account has been fully updated to the ongoing intifada by General Shlomo Gazit, who served as the Israeli Head of Military Intelligence and was personally involved in negotiations with Egypt and the Palestinians."--BOOK JACKET.

The Arab-Israeli Wars - Chaim Herzog - 1982
Looks at the elusive phenomenon of inspiration, glimpsing intimately into the lives of such figures as Andre Dubus, Doc Watson, Thomas Moore and Paulo Coelho

The Arab-Israeli Wars, the Chinese Civil War, and the Korean War - Roy Kenneth Flint - 1987
This history of the foundational war in the Arab-Israeli conflict is groundbreaking, objective, and deeply revisionist. Besides the military account, it also focuses on the war's political dimensions. Historian Morris probes the motives and aims of the protagonists on the basis of newly opened Israeli and Western documentation. The Arab side--where the archives are still closed--is illuminated with the help of intelligence and diplomatic materials. Morris stresses the jihadi character of the two-stage Arab assault on the Jewish community in Palestine. He examines the dialectic between the war's military and political developments and highlights the military impetus in the creation of the Palestinian refugee problem. He looks both at high politics and general staff decision-making and at the nitty-gritty of combat in the battles that resulted in the emergence of the State of Israel and the humiliation of the Arab world--a humiliation that underlies the continued Arab antagonism toward Israel. --Résumé de l'éditeur.

The Arab-Israeli Wars, War and Peace in the Middle East
When people should go to the ebook stores, search creation by shop, shelf by shelf, it is in reality problematic. This is why we offer the books compilations in this website. It will no question ease you to look guide the arab israeli wars war and peace in the middle east as you such as.
consequences of the Arab-Israeli Conflict. Schulze analyses the dynamics of the violence and explores the
The Fifty Years War - Jihan El-Tahri - 1998-03-05
Since the creation of the state of Israel in 1948, the region has been the scene of fierce power struggles, injustice and tragic events - a situation which persists to this day. Now for the first time, an Israeli-Arab author collaboration is tackling one of the world's most controversial situations. Published to accompany a six-part BBC television series by the makers of the award-winning DEATH OF YUGOSLAVIA, this myth-breaking book draws on candid interviews with key protagonists in the struggles - many of whom have never before spoken out - to reveal behind-the-scenes events and put the record straight. This is a definitive insiders' account of war and peace in the Middle East.

The Arab-Israeli Conflict - Kirsten Schulze - 2013-11-14
In this fully revised new edition, Kirsten Schulze brings us to a new understanding of the causes, course and impossible odds and for the failure of the Arab nations to turn their military and numerical superiority into victory strategies and combat performance. Finally, it examines the reasons for Israel's success in the face of seemingly endless conflict.

Four Arab-Israeli Wars and the Peace Process - Sydney D. Bailey - 1990-09-04
In focusing on four major wars in the Arab-Israeli conflict from 1947 to 1979, all of them ending in agreed ceasefires, truces, or armistices, this book concentrates on the external efforts after each war to help resolve the conflict. She assesses why, in the cases of Israel-Egypt in 1978 and Israel-Jordan in 1994, negotiations succeeded in bringing about a lasting peace and why, in the cases of Israel, and the Palestinians, Syria and Lebanon, they failed to do so. Written in a clear and accessible style, this fully updated second edition: · Traces the origins of the conflict from their first intellectual roots in the 19th century. · Examines the actions and aims of the competing nationalist movements during the period of the British Mandate which led to the creation of the state of Israel. · Outlines and analyses each of the Arab-Israeli conflicts from the creation of the state of Israel in 1948 to the 2006 Lebanon war and the on-going, second Palestinian uprising With a diverse collection of documents and a Chronology, Glossary, Guide to Further Reading, and a Who’s Who summarizing the careers and contributions of the main figures, this book is absolutely vital to understanding the current Israeli-Palestinian violence, the intra-Palestinian rift between Hamas and Fatah, and why the Arab-Israeli conflict has become the centre of Muslim politics, both violent and non-violent, across the world.

The Arab-Israeli Wars - Chaim Herzog - 1992
Israel was born in battle. No sooner had independence been declared than seven Arab armies invaded the tiny, nascent state – bent on its destruction. The tragedy of the Middle East had begun. This book tells the story of Israel's epic struggle to survive, through the vicissitudes, mistakes, triumphs and tragedies of four wars. It provides a blow-by-blow account of one of history's most bitter and enduring conflicts – Arab versus Jew. As well as describing each campaign in absorbing and incisive fashion – replete with desperate defensive actions against massive odds in isolated settlements, high-speed armed battles and breath-taking strategy, with the human elements of daring and self-sacrifice – Herzog highlights the personal and political struggles that have determined the course of Middle East history. - Jacket flap.

The 1967 Arab-Israeli War • Wm Roger Louis • 2012-02-13

The June 1967 war was a watershed in the history of the modern Middle East. In six days, the Israelis defeated the Egyptian, Syrian and Jordanian armies, seizing large portions of their territories. Two veteran scholars of the Middle East bring together some of the most knowledgeable experts in their fields to reassess the origins and the legacies of the war. Each chapter takes a different perspective from the vantage point of a different participant, those that actually took part in the war and also the world powers that played important roles behind the scenes. Their conclusions make for sober reading. At the heart of the story was the incompetence of the Egyptian leadership and the rivalry between various Arab players who were deeply suspicious of each other's motives. Israel, on the other side, gained a resounding victory for which, despite previous assessments to the contrary, there was no master plan.

Psychological Warfare in the Arab-Israeli Conflict • R. Schleifer • 2014-10-23

The first study to examine psychological warfare in the context of the Arab-Israeli conflict, this book presents a rational analysis of the Arab and Israeli struggles to gain the world's sympathy and support, tracing these struggles from the British Mandate to the more recent HAMAS abduction of IDF soldier Gilad Shalit.

Armoured Warfare in the Arab-Israeli Conflicts • Anthony Tucker-Jones • 2013-07-02

The latest volume in Anthony Tucker-Jones's series of books on armoured warfare in the Images of War series is a graphic account of the development of armoured forces in the Arab and Israeli armies from 1948 to the present day. In a sequence of over 200 archive photographs he tells the story of the role armoured played in Arab-Israeli conflicts over the last sixty years, from the initial battles of 1948, through the Suez Crisis, the Six Day War, the Yom Kippur War, the Israeli invasion of Lebanon in 1982 and the Israeli attack on Hamas in Gaza in 2008.??In all these clashes armoured vehicles played a prominent, sometimes decisive part. As the photographs show, an extraordinary range of Second World War and post-war tanks, armoured cars and armoured personnel carriers was deployed by all sides. Russian T-34s, SU-100s, T-54/55s, T-62s and T-72s were imported from the Eastern Bloc by the Egyptians and Syrians. Shermans, Pattons, Centurions and AMX-13s were imported from the West by the Israelis. In addition, the Israelis developed modified hybrids such as the Sherman/Ischarman, the Sho[3], Magach and Sabra, and they produced to their own design their main battle tank, the Merkava. ??Anthony Tucker-Jones's photographic survey is an excellent introduction to late-twentieth-century armoured warfare, and it gives a fascinating insight into the military history of Israel and its Arab neighbours.

The Routledge Atlas of the Arab-Israeli Conflict • Martin Gilbert • 2012

The Routledge Atlas of the Arab-Israeli Conflict traces not only the tangled and bitter history of the Arab-Jewish struggle from the early twentieth century to the present, including the death of Yasser Arafat and recent proposals for compromise and co-operation, it also illustrates the current moves towards finding peace, and the efforts to bring the horrors of the fighting to an end through negotiation and agreed boundaries. In 227 maps, the complete history of the conflict is revealed, including: The Prelude and Background to the Conflict - from the presence of Jews in Palestine before the Arab conquest to the attitude of Britain to the Arabs and Jews since 1915 The Jewish National Home - from the early Jewish settlement and the Zionist plan for Palestine in 1919 to the involvement of the Arab world from 1945 to the present day The Intensification of the Conflict - from the Arab response to the United Nations partition plan of November 1947 to the declaration of Israeli independence in May 1948 The State of Israel - from the Israeli War of Independence and the Suez and Six Day Wars to the October War (the Yom Kippur War), the first and second Intifadas, the suicide-bomb campaign, the Israel-Hezbollah War of 2006, Operation Cast lead against the Gaza Strip in 2009, the Gaza Flotilla of 2012 and Nakba Day 2011 The moves to find peace - from the first and second Camp David talks and the death of Arafat, to the continuing search for peace, including the Annapolis Conference, 2007, the work of the Quartet Emmissary, Tony Blair 2007-2011, and the ongoing Palestinian search for statehood.

**Arab-Israeli Military Forces in an Era of Asymmetric Wars** - Anthony H. Cordesman - 2008

The reality of the Arab-Israeli balance now consists of two subordinate balances: Israel versus Syria and Israel versus the Palestinians. The book analyzes these two balances in detail and their impact on defense planning in each country and on the overall strategic risk to the region as a whole. It covers military developments in each of six states—Egypt, Israel, Jordan, Lebanon, Syria, and Palestine—and provides an analytical view with charts and tables of how the changing nature of the military and political threats faced by each is impacting its military force readiness and development. The book has the most comprehensive data on past, current, and future military force structure currently available, drawn from the widest range of sources. Responding to the most recent events in the region, this book is the first to deal with the effects on the Arab-Israeli military balance of the strategic uncertainty created by the Iraqi insurgency and the Iranian nuclear program. It also studies how the Gaza pullout, the Syrian withdrawal from Lebanon, the changing political landscape in Israel, and the threat of nuclear proliferation are having impacts on the Egyptian-Israeli and Jordanian-Israeli peace accords and the regional prospects for a settlement between the Palestinians and Israelis. The roles of Hezbollah, Hamas, and Palestinian Islamic Jihad are analyzed in light of the changing political landscape in both Israel and Palestine. Given the role of Syria in the Palestinian-Israeli affairs, the book also explores the ways that internal instability in Lebanon could escalate into a regional conflict.

Hijacking the Arab-Israeli Conflict - Asaf Romirowsky - 2021-07-06

The importance of reclaiming the scholarly language of the Palestinian-Israeli conflict cannot be overstated as entire disciplines, including Middle Eastern Studies, Women and Gender Studies, and Ethnic Studies have come under the spell of these politicized fads with the attendant perversion of standards of evidence and open inquiry. Wielded by scholar-activists, the vast majority of whom do not know Hebrew and have spent little time in Israel, the distortion of crucial terms has become so pervasive that it is no longer possible to recall how these terms were originally used. That a vocabulary of historical explanation has dissolved into today’s crude value judgments and “unhinged polemics” distorts the academic study of Israel, of Palestinians, of the Israeli-Palestinian conflict and not incidentally, of politics. Hijacking the Arab-Israeli Conflict emphasizes how a delegitimizing lexicon of terms and concepts is often used in highly politicized anti-Zionist scholarship. This volume focuses on this linkage between language and thought partly because it is long a staple focus for political theory and philosophy. The chapters in this book were originally published as a special issue of Israel Affairs.

Caught in the Middle East - Peter L. Hahn - 2006-02-01

Postwar American officials desired, in principle, to promote Arab-Israeli peace in order to stabilize the Middle East. This book shows how, during the Truman and Eisenhower administrations, the desire for peace was not always an American priority. Instead, they consistently gave more weight to their determination to contain the Soviet Union.

The Arab-Israeli Conflict - David W. Lesch - 2008

Whether filtered through the news, the film industry, or the classroom, the Arab-Israeli conflict has become a pervasive—and often misinterpreted—subject on our contemporary cultural landscape. In this compelling text, David W. Lesch, a widely respected scholar and commentator on modern Middle Eastern politics, presents the most balanced and accessible account of the conflict. The Arab-Israeli Conflict puts forth a variety of perspectives—along with concise and informative analyses—to enable and encourage students to form their own educated opinions about complex and controversial issues. Challenging yet not overwhelming, this appealingly slim volume focuses on key information, but also incorporates pedagogical features that help to enhance and expand students’ understanding of the subject: * An extensive collection of relevant primary documents * Sidebars highlighting social and cultural history * A glossary of terms * A chronology for quick reference * Comprehensive illustrations, including 17 maps and 17 photos

Mythologies Without End - Jerome Slater - 2020

In Mythologies Without End, Jerome Slater takes stock of the conflict over time and argues that US policies in the region are largely a product of mythologies that are often flatly wrong. Because of their widespread acceptance, there have been devastating consequences to the true interests of both countries. He argues that a critical examination and refutation of the many mythologies is a necessary first step toward solving the Arab-Israeli conflict.

Social Mobilization in the Arab/Israeli War of 1948 - Moshe Naor - 2013-08-21

In many ways, the Arab-Israeli war of 1948 is typical of the total military conflicts that characterized the first half of the twentieth century. However, in addition to the military course of the war, and its formative and revolutionary ramifications, this war was also notable for the social mobilization of the Israeli population. Social Mobilization in the Arab/Israeli War of 1948 focuses on these civilian aspects of the war, the involvement of the Israeli home front in the fighting and the participation of society in the process of mobilization. Israeli civil society organizations played an active and central role in mobilizing the economy for the war effort, mobilizing personnel for military service, for labor and for the emergency services, and in organizing the home front. The function of Israeli society and civil organizations in processes of mobilization, conducted against the background of the end of the British mandate and the establishment of the State of Israel, was one of the principal factors that contributed to the Israeli military victory in the 1948 war. Civilian aspects of the 1948 war have received little attention, despite the opening of the archives in the 1980s. As such, Social Mobilization in the Arab/Israeli War of 1948 is an important contribution, particularly for those interested in Israeli History, Jewish History, Middle Eastern History, the Arab-Israeli conflict and War Studies.

time, critically assessing the political and historical context for these responses. Finally, he challenges distortions despite the opening of the archives in the 1980s. As such, Social Mobilization in the Arab-Israeli War of 1948 is an important contribution, particularly for those interested in Israeli History, Jewish History, Middle Eastern History, the Arab-Israeli conflict and War Studies.

Scars of War, Wounds of Peace - Shlomo Ben-Ami - 2006-02-06

Former Israeli Foreign Minister Shlomo Ben-Ami was a key figure in the Camp David negotiations and many other rounds of peace talks, public and secret, with Palestinian and Arab officials. Here he offers an unflinching account of the Arab-Israeli conflict, informed by his firsthand knowledge of the major characters and events. Clear-eyed and unsparring, Ben-Ami traces the twists and turns of the Middle East conflict and gives us behind-the-scenes accounts of the meetings in Oslo, Madrid, and Camp David. The author paints particularly trenchant portraits of key figures from Ben-Gurion to Bill Clinton. He is highly critical of both Ariel Sharon and the late Yasser Arafat, seeing Arafat's rejection of Clinton's peace plan as a crime against the Palestinian people. The author is also critical of President Bush's Middle East policy, which he calls "a presumptuous grand strategy." Along the way, Ben-Ami highlights the many blunders on both sides, describing for instance how the great victory of the Six Day War launched many Israelis on a misbegotten "messianic" dream of controlling all the Biblical Jewish lands, which only served to make the Palestinian problem much worse. In contrast, it has only been when Israel has suffered setbacks that it has made moves towards peace. The best hope for the region, he concludes, is to create an international mandate in the Palestinian territories that would lead to the implementation of Clinton's two-state peace parameters. Scars of War, Wounds of Peace is a major work of history—with by far the most fair and balanced critique of Israel ever to come from one of its key officials. This paperback edition features a new Epilogue by the author featuring an analysis of the most recent events in the Israeli-Arab situation, from the disappearance of Ariel Sharon from public life to the emergence of Hamas and Israel's recent war against Hizballah. It is an absolute must-read for everyone who wants to understand the dynamics of the Arab-Israeli conflict.

Scars of War, Wounds of Peace - Shlomo Ben-Ami - 2006-02-06

Former Israeli Foreign Minister Shlomo Ben-Ami was a key figure in the Camp David negotiations and many other rounds of peace talks, public and secret, with Palestinian and Arab officials. Here he offers an unflinching account of the Arab-Israeli conflict, informed by his firsthand knowledge of the major characters and events. Clear-eyed and unsparring, Ben-Ami traces the twists and turns of the Middle East conflict and gives us behind-the-scenes accounts of the meetings in Oslo, Madrid, and Camp David. The author paints particularly trenchant portraits of key figures from Ben-Gurion to Bill Clinton. He is highly critical of both Ariel Sharon and the late Yasser Arafat, seeing Arafat's rejection of Clinton's peace plan as a crime against the Palestinian people. The author is also critical of President Bush's Middle East policy, which he calls "a presumptuous grand strategy." Along the way, Ben-Ami highlights the many blunders on both sides, describing for instance how the great victory of the Six Day War launched many Israelis on a misbegotten "messianic" dream of controlling all the Biblical Jewish lands, which only served to make the Palestinian problem much worse. In contrast, it has only been when Israel has suffered setbacks that it has made moves towards peace. The best hope for the region, he concludes, is to create an international mandate in the Palestinian territories that would lead to the implementation of Clinton's two-state peace parameters. Scars of War, Wounds of Peace is a major work of history—with by far the most fair and balanced critique of Israel ever to come from one of its key officials. This paperback edition features a new Epilogue by the author featuring an analysis of the most recent events in the Israeli-Arab situation, from the disappearance of Ariel Sharon from public life to the emergence of Hamas and Israel's recent war against Hizballah. It is an absolute must-read for everyone who wants to understand the dynamics of the Arab-Israeli conflict.

The Arabs and the Holocaust - Gilbert Achcar - 2010-04-27

An unprecedented and judicious examination of what the Holocaust means—and doesn't mean—in the Arab world, one of the most explosive subjects of our time There is no more inflammatory topic than the Arabs and the Holocaust—the phrase alone can occasion outrage. The terrain is dense with ugly claims and counterclaims: one side is charged with Holocaust denial, the other with exploiting a tragedy while denying the tragedies of others. In this pathbreaking book, political scientist Gilbert Achcar explores these conflicting narratives and considers their role in today's Middle East dispute. He analyzes the various Arab responses to Nazism, from the earliest intimations of the genocide, through the creation of Israel and the destruction of Palestine and up to our own time, critically assessing the political and historical context for these responses. Finally, he challenges distortions of the historical record, while making no concessions to anti-Semitism or Holocaust denial. Valid criticism of the other, Achcar insists, must go hand in hand with criticism of oneself. Drawing on previously unseen sources in multiple languages, Achcar offers a unique mapping of the Arab world, in the process defusing an international propaganda war that has become a major stumbling block in the path of Arab-Western understanding.

Law and the Arab-Israeli Conflict - Steven E. Ziperstein - 2020-02-18

During the British Mandate for Palestine (1922–1948) and the War for Israel (1948–49), the legal system of Palestine repeatedly used the law to gain leverage and influence international opinion, especially in three dramatic and largely forgotten trials involving two issues: the interpretability between conflicting British promises to the Arabs and Jews during World War I, and the parties' rights and claims to the Wailing Wall. Focusing on how all three parties - Arab, Jewish, and British - used the law and the legal process to advance their objectives during the Mandate years, this volume reveals how the parties avoided themselves - with varying degrees of success - of the law and the legal process. The book examines various legal arguments, and how that early tendency to resort to the law as a tool, a resource, and a weapon in the conflict has continued to this day. The research relies almost entirely on primary source of the historical record, while making no concessions to anti-Semitism or Holocaust denial. Valid criticism of the other, Achcar insists, must go hand in hand with criticism of oneself. Drawing on previously unseen sources in multiple languages, Achcar offers a unique mapping of the Arab world, in the process defusing an international propaganda war that has become a major stumbling block in the path of Arab-Western understanding.

Arab-Israeli Military/Political Relations - John W. Amos - 2013-10-22
Arab-Israeli Military/Political Relations: Arab Perceptions and the Politics of Escalation examines the escalatory patterns of Israel's relations with Arab countries, paying particular attention to the preconditions, conditions, and ultimate precipitants of wars that have broken out with some repetitiveness in the Middle East. The impact of the October 1973 War (known as the Yom Kippur War in the West and the Ramadan War in Arab countries) on the United States interests in the Middle East is also assessed. This book is comprised of seven chapters and opens with an overview of the October War; those Arab states actually involved in the war, especially Egypt and Syria; and those Arab states having geographical access to either the Mediterranean or Indian Oceans, including the oil-producing states. The wider political and military implications of the war are discussed, with specific reference to super power interests. The following chapters discuss the perceptual context of Arab politics; the wars of 1967 and 1973 and the impact of Arab conflict imagery on an inherently escalatory situation; the consequences and lessons of the June 1967 war; or Six-Day War; and Arab coalition politics between 1970 and 1973. The final two chapters focus on the combined Egyptian-Syrian battle plan, code-named Operation Badr, and the historical and political implications of the 1973 war. This monograph will be of interest to diplomats, policymakers, and government officials concerned with the politics of war and in international relations more generally.

Includes 8 maps and more than 20 illustrations Armies appear to learn more from defeat than victory. In this regard, armed forces that win quickly, decisively, and with relative ease face a unique challenge in attempting to learn from victory. The Israel Defense Forces certainly fell into this category after their dramatic victory over the combined armies of Egypt, Jordan, and Syria in the Six Day War of June 1967. This study analyzes the problems that beset Israel in the aftermath of its decisive victory in the Six Day War over the Arabs. In the 1973 War, Anwar Sadat, Egypt's president, was able to exploit Israeli vulnerabilities to achieve political success through a limited war. An important lesson emerges from this conflict. A weaker adversary can match his strengths against the weaknesses of a superior foe in a conventional conflict to attain strategic success. Such a strategic triumph for the weaker adversary can occur despite serious difficulties in operational and tactical performance. The author suggests a striking parallel between the military triumphs of Israel in 1967 and the United States in 1991. In both cases, success led to high expectations. The public and the armed forces came to expect a quick and decisive victory with few casualties. In this environment, a politically astute opponent can exploit military vulnerabilities to his strategic advantage. Sadat offers a compelling example of how this can be done.

Year Zero of the Arab-Israeli Conflict 1929 - Hillel Cohen - 2015-10-22
In late summer 1929, a countrywide outbreak of Arab-Jewish-British violence transformed the political landscape of Palestine forever. In contrast with those who point to the wars of 1948 and 1967, historian Hillel Cohen marks these bloody events as year zero of the Arab-Israeli conflict that persists today. The murderous violence inflicted on Jews caused a fractious - and now traumatized - community of Zionists, non-Zionists, Ashkenazim, and Mizrahi to coalesce around a unified national consciousness arrayed against an implacable Arab enemy. While the Jews unified, Arabs came to grasp the national essence of the conflict, realizing that Jews of all stripes viewed
highly calculated, Cohen traces the horrific events of August 23 to September 1 in painstaking detail. He extends his geographic and chronological reach and uses a non-linear reconstruction of events to call for a thorough reconsideration of cause and effect. Sifting through Arab and Hebrew sources - many rarely, if ever, examined before - Cohen reflects on the attitudes and perceptions of Jews and Arabs who experienced the events and, most significantly, on the memories they bequeathed to later generations. The result is a multifaceted and revealing examination of a formative series of episodes that will intrigue historians, political scientists, and others interested in understanding the essence - and the very beginning - of what has been an intractable conflict.

**Year Zero of the Arab-Israeli Conflict 1929** - Hillel Cohen - 2015-10-22

In late summer 1929, a countrywide outbreak of Arab-Jewish-British violence transformed the political landscape of Palestine forever. In contrast with those who point to the wars of 1948 and 1967, historian Hillel Cohen marks these bloody events as year zero of the Arab-Israeli conflict that persists today. The murderous violence inflicted on Jews caused a fractious - and now traumatized - community of Zionists, non-Zionists, Ashkenazim, and Mizrahim to coalesce around a unified national consciousness arrayed against an implacable Arab enemy. While the Jews unified, Arabs came to grasp the national essence of the conflict, realizing that Jews of all stripes viewed the land as belonging to the Jewish people. Through memory and historiography, in a manner both associative and highly calculated, Cohen traces the horrific events of August 23 to September 1 in painstaking detail. He extends his geographic and chronological reach and uses a non-linear reconstruction of events to call for a thorough reconsideration of cause and effect. Sifting through Arab and Hebrew sources - many rarely, if ever, examined before - Cohen reflects on the attitudes and perceptions of Jews and Arabs who experienced the events and, most significantly, on the memories they bequeathed to later generations. The result is a multifaceted and revealing examination of a formative series of episodes that will intrigue historians, political scientists, and others interested in understanding the essence - and the very beginning - of what has been an intractable conflict.

This atlas traces not only the tangled and bitter history of the Arab-Jewish struggle from the early 20th century to the present, it also illustrates the move towards finding peace and the efforts to bring the fighting to an end through negotiation.
